## THE MANOA LOOP ROAD

Its Location Considered  
Along with Land  
Matters.

Land and road matters were consid-  
ered by Governor Carter yesterday in  
conference with Commissioner Pratt  
and Superintendent Holloway.

The old policy of making exchanges  
of portions of the public domain for  
strips of land in town needed for street  
improvement was dealt additional  
blows.

An application for Tantalus lots by  
Mr. Harrison in exchange for Fort  
street property was refused. This was  
in line with the recent decision to offer  
the Kapaemahu lands in Koolauloa dis-  
trict at public auction instead of swap-  
ping them for city property of James  
B. Castle as once designed.

"By this method," the Governor said  
later, "the Territorial treasury will di-  
rectly benefit from the disposal of pub-  
lic lands, as the Organic Act no doubt  
intended. The proceeds of sales will  
go to the payment of interest on our  
bonds."

The location of the proposed Manoa  
Valley road was under consideration in  
the executive chamber.

As the road up the west side to the  
head of the valley is in fairly good  
condition that road will be followed in  
the main for that portion of the route.  
A branch will be opened from the  
Rapid Transit terminus at College Hills  
to strike the route on the west side  
near the mouth of the valley.

At the head of the valley the road will  
curve round to the east side, down  
which it will run to a point about oppo-  
site the end of the mountain spur  
dividing the openings of Manoa and  
Palolo valleys. Then, if property own-  
ers affected be agreeable, a sharp turn  
will be made across the mouth of Ma-  
noa Valley, connecting the suburbs on  
either side and completing a loop throu-  
ghfare clear around the outer margin  
of the valley. The line will be set as  
high up on the east side as practica-  
ble.

It is further contemplated, if the Leg-  
islature provide the means, to run a  
branch from the turn at the mountain  
spur before mentioned to the head of  
Metcalf street. This would give a di-  
rect route from Manoa Valley to Wa-  
hiki without the necessity of coming in-  
to town.

Governor Carter desires to see a com-  
plete system of roads for all of the fer-  
tile valleys in the environs of Honolulu.  
Thus, he would like to have a road out  
of Nuuanu valley passing back of the  
Insane Asylum into the Kalihi suburbs.  
The value of such independent outlets  
for the inhabitants of the different val-  
leys, the Governor considers, would be  
especially evident in any period of quar-  
antine which may occur.

There is an appropriation of \$10,000 in  
the loan bill for the Manoa road, as  
there is for the Palolo Valley road now  
under construction.

## A CIVIL WAR DRAMA IS COMING

After a considerable dearth of good  
public amusements "The Spy" now  
looms up on Honolulu's theatrical hori-  
zon and promises two exceptionally fine  
performances on the evenings of Nov.  
17 and 19 at the Hawaiian Opera House.

"The Spy" is a spectacular war  
drama founded on events of the great  
Civil War of 1861-65 and is full of  
scenes and action of the strongest hu-  
man interest. Over 125 people will be  
in the cast and many of these will be  
members of the National Guard in uni-  
form who will take part in thrilling  
and realistic battle scenes. There will  
be thirty-five speaking parts which  
have been assigned to Honolulu's best  
local talent, with Mr. W. D. Adams in  
the leading role.

"The Spy" will be given under promi-  
nent patronage, as a benefit for the  
National Guard of Hawaii—the first  
benefit this organization will have had  
in many years—and the entire man-  
agement is in the hands of Col. Jones.  
Mr. W. D. Adams will have direction  
of the stage.

The fact that "The Spy" is one of  
the strongest war dramas ever staged,  
combined with the popularity of the  
local players and the National Guard,  
is in itself a guarantee of two well-  
filled houses. The play is excellent and  
the players have already, on numer-  
ous occasions, established records as  
amusement providers of no mean abili-  
ty.

## I WILL PAY \$1,000 FORFEIT

For a case of Nervous Debility, Rheumatism, Lame Back, Lumbago, Sciatica, any case of Kidney Disease (that has not gone as far as Bright's Disease), Indigestion, Constipation, or any weakness which I cannot cure with my new improved Electric Belt, with electric suspensory for men (no charge), the marvel of electricians, the most wonderful curative device that has ever been introduced.

Give me a man broken down from dissipation, hard work or worry, from any cause which has sapped his vitality. Let him follow my advice for three months and I will make him as vigorous in every respect as any man of his age.

I will not promise to make a Hercules of a man who was never intended by nature to be strong and vigorous. Even that man I can make better than he is; but the man who has been strong and has lost his strength I can make as good as he ever was.

I can give back to any man what he has lost by violation of the laws of nature. I can stop all drains upon his vitality in ten days.

A man who is nervous, whose brain and body are weak, who sleeps badly, awakes more tired than when he went to bed, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies.

The whole force of vitality in your body is dependent upon your animal electricity. When you lose that by draining the system in any manner my Belt will replace it and will cure you.

Mr. Harry U. Jackson, Vallejo, Cal., writes October 1: "Although you are a stranger to me, my heart warms toward you as a great benefactor and friend, and I am more than grateful to you. Already I feel the vigor of new life in my body; no aches and no pains. I wish you every success in your work."

Letters like that tell a story which means a great deal to a sufferer. They are a beacon light to the man who has become discouraged from useless doctoring. I get such letters every day.

My Belt has a wonderful influence upon tired, weak nerves. It braces and invigorates them, and stirs up a great force of energy in a man.

I make the best electrical body appliance in the world, having devoted twenty years to perfecting it. I know my trade. My cures after everything else has failed are my best arguments.

Mr. Roy Burks, McKittrick, Cal., writes: "From the first night I wore the belt I felt new life in every part of my body. The weakness was checked immediately, and I am now able to do heavy work without tiring. I am glad I thought of the belt, for in no other way could the money bring me so much pleasure."

Give me a man with pains in his back, a dull ache in his muscles or joints, "come-and-go" pains in his shoulders, chest and side, Sciatica in his hip, Lumbago, Rheumatism, or any ache or pain, and my Belt will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist where my Belt is worn.

Mr. J. L. Baird of Orland, Cal., writes October 13: "My back is entirely well, and I would not take \$100 for my belt if I could not get another. It is the best thing on earth for a lame back."

And these "old" men, these men who have burned the candle at both ends—or even if they haven't—these men who for one reason or another feel that life has lost its spice, that they are getting old too fast. I can make them feel the sparkle and fire of youth again.

I'll never forget when when Mr. A. Crawford of Pocatama, Oregon, an old man of seventy, wrote to me and said: "When I wrote to you last I told you to send me a Belt to make an old man young, and you did. I am seventy years old, and since I have worn the Belt I feel as strong as I did at thirty-five, and can do as good a day's work as I could at that age." It was two years ago that Mr. Crawford wrote me that letter. Here is one I just got from him:

"In reply to your letter I am glad to say that I am just as much in favor of your Belt as I ever was, for it has been a remarkable help to me. I am 72 years old, but I do not look any more than fifty. Am enjoying perfect health, and will continue to recommend the Belt, as I have been doing right along, as I realize that but for it I should have been dead and buried by this time."

They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt.

Now, what does this mean to you, dear reader? If you are not what you ought to be, can you ask any better proof to make you try it? Is there a remedy which is as simple, as easy to use, as sure to cure and as cheap as Dr. McLaughlin's Electric Belt? I have not seen one. You must try it. In justice to yourself, and to those who look to you for their future happiness, try it now. Act this minute. Such a matter ought not to be delayed.

It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle glowing heat from it constantly, but no sting, no burning, as in old-style belts.

Come and see me if you can. I have a private consulting room in which I will explain my method of treatment and, perhaps, give you the names of some of your friends whom I have cured.

Send for my beautiful book full of things a man likes to read if he wants to be a strong man. I send it free. Cut out and send this ad.
